Remarks

This communication responds to the Supplemental Advisory Action dated May 11, 2005, wherein claims 2-15 and 17 were indicated as allowable, and claims 18-22 were indicated as rejected.

Claims 18-22 are being canceled from the application without prejudice to pursue the claims in a separately filed divisional application.

Whereas claims 2-15 and 17 are the only claims remaining in the application, and these claims were indicated as allowable, applicants believe that the application is in form for allowance, and allowance is respectfully requested.

Respectfully Submitted,
